## Future Campus

This book aims to help architects, design teams and University clients (estates departments, and academics) in their pursuit of practical and innovative solutions for the creation of enabling higher education learning environments. It includes abundant examples of solutions to design problems and advice on best practice.

This book argues that investment in the higher education sector is a driver for intellectual, social and economic development, offering opportunities for positive impacts for the physical environment on the character and performance of higher education.

The editor believes that good outcomes result from good design, which should address elements such as learning from best current practice, the importance of clear briefing, good environmental performance, the positive social impacts and, also, the importance of ensuring a beautiful outcome.

It has chapters contributed from leading-edge practices, including case studies with highly illustrated project examples. All this is underpinned by an understanding of the practicalities of working in the sector as well as the socio-political and economic context and trends shaping future practice.
