Instant Puppet 3 starter Jo Rhett

Gain complete consistency from your systems with minimal effort using Instant Puppet 3 Starter

Overview

- Learn something new in an Instant! A short, fast, focused guide delivering immediate results.
- Learn how deterministic results can vastly reduce your work load.
- Deploy Puppet Server as a Ruby-on-Rails application to handle thousands of clients.
- Design your own module for complex configurations.

In Detail

Puppet is the tool that will save you time. This book teaches you how to do more with less using instant Puppet 3. This guide ensures the highest level of accuracy so everything is exactly the way you want it, every time. This starter guide demonstrates the difference between deterministic and procedural results. Most importantly, it teaches you the trick to get better results every time, by thinking about and expressing your desired outcome in a deterministic fashion.

"Instant Puppet 3 Starter" provides you with all the information that you need, from start-up to complete confidence in its use. This book will explore and teach the core components of Puppet, consisting of; setting up a working client and server and building your first custom module.

Become the Puppet master. Explore how it works and be in awe of the drastic improvement in consistency of your systems, with minimal effort in maintenance. Instant puppet 3 enables you to write your first policy, using core methods to reduce the amount of manual work you would do to setup clients on new systems. In addition you will build a test environment for developing new modules, and source external data for use in the Puppet Policy. Finally, you will learn to run the puppet server under Phusion Passenger to improve performance and scalability. Instant Puppet 3 Starter won't just introduce you to an application it will provide you with a working environment that saves you time and effort deploying code or synchronizing files across systems.

What you will learn from this book

- Write a Puppet Policy to auto-configure each new client system in an easy to follow guide.
- Modify files for individual nodes with a single Puppet resource
- Write a customised module that encapsulates greater functionality yet simplifies and improves the Puppet Policy.
- Have full control on when or how often changes are applied
- Apply Hiera to transfer existing systems in to Puppet Policy
- Connect with other users with Puppet Forge
- Deploy Puppet Server as a Ruby-on-Rails application to handle thousands of clients.

Approach

Get to grips with a new technology, understand what it is and what it can do for you, and then get to work

with the most important features and tasks. This book is an awesome guide for understanding and developing your skills set with instant Puppet 3. It consists of friendly practical tutorials, with an informative step by step walk through.

Who this book is written for

"Instant Puppet 3 Starter" helps to simplify your life for large scale computing clusters. It is aimed at systems administrators, developers, DevOps engineers, and anyone who manages more than one computer. This is a practical and intuitive Instant Starter guide, guaranteed to improve your understanding and efficiency.

From reader reviews:

Toby Terry:

Is it you who having spare time in that case spend it whole day simply by watching television programs or just resting on the bed? Do you need something new? This Instant Puppet 3 starter can be the reply, oh how comes? A book you know. You are and so out of date, spending your free time by reading in this completely new era is common not a nerd activity. So what these textbooks have than the others?

Patricia Bush:

As we know that book is significant thing to add our know-how for everything. By a reserve we can know everything we want. A book is a group of written, printed, illustrated as well as blank sheet. Every year was exactly added. This e-book Instant Puppet 3 starter was filled about science. Spend your time to add your knowledge about your science competence. Some people has distinct feel when they reading a new book. If you know how big selling point of a book, you can experience enjoy to read a book. In the modern era like currently, many ways to get book which you wanted.

April Baker:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Instant Puppet 3 starter can make you really feel more interested to read.

Dianna Weaver:

Reading a e-book make you to get more knowledge as a result. You can take knowledge and information from a book. Book is created or printed or outlined from each source that filled update of news. With this modern era like at this point, many ways to get information are available for you actually. From media social like newspaper, magazines, science e-book, encyclopedia, reference book, story and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just in search of the Instant Puppet 3 starter when you required it?
