## Neurological Disorders: Course and Treatment

**Neurological Disorders** is an authoritative elaboration of the course, treatment, and specific management of neurological disorders written and edited by internationally recognized neurologists. The volume is superbly organized, covering in 13 sections everything from single symptoms to disorders, in particular cerebral vascular disorders, infections and inflammation, tumors, metabolic and movement disorders, muscle disorders, neuroendocrine disorders, cognitive and behavioral disorders, and intensive care. Additionally, **Neurological Disorders** uses tables and gives a scholarly overview of alternative treatment regimens.

### Key Features

- \* Deals with not only the average patient, but also exceptional cases and complications
- \* Includes specific data on the expected success of therapy
- \* Contrasts established and new treatment regimens and compares them with largely discontinued practices
