Shh...Let The Pen Speak While You Write M. Malloy

"Shh...Let The Pen Speak While You Write" describes what you need to do and how far you as an inspiring writer and author need to go as a self-published writer. This book is very different in many ways. In this book, I share a few thoughts as well as experiences of what it is to write and how to do so with very limited resources. In addition to a few of the steps that I had to take to become a published author. I hope that you will receive as much as I have through these chapters and write until you have spoken to the world.
