## Asia-Pacific Geopolitics: Hegemony vs. Human Security

Despite significant cultural exchange, mutual trust and understanding remains fragile between Asia-Pacific countries. The community faces complex and seemingly intractable problems: violent civil conflicts, geopolitical tensions and economic uncertainties, proliferation of nuclear weapons and flashpoints that may lead to war. The authors of this book argue that common reflection and dialogue is imperative. Their achieved aim is to bring together distinguished scholars and experts on public policy, social ethics, defence, human security and sustainability to consider the future of the Asia-Pacific region and appropriate responses by both states and civil society.
