What if you could, with a little effort, finally find a path to self-love that suits you specifically? A path that will no longer lead you back to exes? A path that will no longer allow you to feel "stuck" in the same kind of poisonous relationships and situationships as everyone else around you? A path to finding out what it truly means to love YOUR self in such a way that it superchargers the love you give to others? We hear it and read about it all the time: "Love Yourself First." But HOW is the question that we all ask ourselves. Horacio Jones has expanded on the ideas that love comes in over 7 billion forms; we all learn and experience love in our own languages, and therefore our paths to healing and accepting ourselves are in different languages as well. There is no one-size-fits-all definition of love. Love is neither right or wrong, it just "is." And the purpose of this book is to shed light on the importance of living by not only your own love language, but also your own healing language. In "I Am The Love Of My Life," Horacio Jones provide you with the enlightenment on finding YOUR own unique path to love YOUR own self. A must-read for anyone whose ever had one of those "why is it so hard to love myself" moments of self doubt.. This book will give you both new perspectives on self-appreciation principles as well as tactical thinking for figuring out what your own unique version of self-love looks like and how you can get there. Horacio Jones does an amazing job at speaking the truth in regards to relationships, situationships and love. This is a must read especially in today's society of "I don't want a relationship, but I don't want you to be single," and the very confusing "we are exclusive, but not officially together" type of dating. Welcome to the SECOND book written by Horacio Jones.
