How can knowing the secrets of Chinese Water Torture, looking for the Holy Grail, learning the mystery behind the Mulligan, and carrying a Hollywood Handicap help you play better golf? Why should you beware the Member's Bounce, play the hand your dealt, kill the big fish, and be a control freak if you want to learn to walk like a winner? And how do the trials of a small-town golf prodigy, a reluctant New York investment banker, a transient wanna-be mini tour player, a college baseball pitcher from Louisiana, and a retired architect from Charleston whose recently lost his wife all help us make sense of it all? These are questions you'll find the answers to in LESSONS FROM THE GOLF GURU - Secrets, Strategies, and Stories for Golf and Life; a book that boldly goes in search of those answers in places the first one never did. These are more than just lessons to help with the number you put on your scorecard, they're also stories that help us relate to those lessons in ways that go way beyond golf. Because golf really is more than just a game, it's also a way of life, and this book will help you get more out of both. Sound like a tall order for a collection of lessons and stories about a Royal and Ancient game? Maybe so, but ultimately these aren't just secrets, strategies, and stories for the game of golf. They are lessons for the game of life.
