*****SPOILERS AHEAD***** *Meet retired cop, Sam Prichard. THE GRAVE MAN (Book 1)* Sam Prichard was a cop, and a good one, until the bullets took out the joint of his right hip. Now he's trying to learn to live without being a cop, and getting to know his neighbors, learning to walk again and even ride a motorcycle.

Life is bearable, barely, but then he gets asked to find a missing child, and the lure of getting back into some kind of police work is too much for him to resist. When he teams up with computer whiz Indiana Perkins, he suddenly becomes one of the best investigators he's ever even known. Now, he's found the missing child, but it's thrown him right into the middle of something that may be a drug war--or could be a chance to stop the next 911! There's no way out for Sam, so he's in for the ride of his life, but when the girl he's becoming fond of is suddenly drawn into the line of fire with her own little daughter, Sam is ready to forget all the rules and do whatever is necessary to win the day.

DEATH SUNG SOFTLY (Book 2) Sam opens his practice as a Private Investigator, and gets his first real case almost instantly: Find Barry Wallace, a local rock singer who was on the verge of making it big, and vanished suddenly! When Barry's body turns up minus his head and hands, the case becomes ominous, and now he has to find a killer, instead! The evidence comes together, and leads to the discovery of the missing body parts on the estate of a well known talent agent, who stood to gain a lot of wealth if Barry had only agreed to sign the contract he had arranged, and the man is arrested for murder. But Sam gets a bigger surprise when that same man hires him to prove his innocence, and Sam follows a convoluted trail of clues to discover who really killed Barry, and wanted to frame the agent for the crime!

Meanwhile, Sam has blundered into taking a job as the new lead singer for Barry's band, and may be on the edge of a whole new career for himself! Come along for the ride, and you'll get to hear Sam Prichard sing his heart out! **LOVE AND WAR (Book 3)** Sam and Indie are off again, but sometimes fate has a cruel streak! When Sam notices something odd as they're departing Denver, and then finds out that terrorists have planted small nuclear bombs in twelve US cities including Honolulu, he's on the case, honeymoon or not!

Old friend Harry Winslow from Homeland Security needs a man who knows what they're up against, and the honeymoon gets cut short so Sam can get back to Denver and track down the terrorist cell behind it all! How does a simple Private Eye end up saving the country? Well, if it's Sam Prichard, it's all just a matter of being in the right place at the wrong time! The only questions is whether he can stop the terrorists from carrying out their evil plot before thousands of Americans die! **FRAMED (Book 4)** Sam Prichard has recovered from his last mission to save the world, and is back to being a normal private eye. Suddenly, he's got three seemingly unrelated cases, but the clues keep leading him to the same places and people. He's decided there's something fishy going on, but then he wakes up and finds that one of his clients is dead, and he is the only possible suspect!

When he's arrested for murder, Sam knows there's only one hope: Indie! Between her own special computer skills and her courage, she's the only one who can figure out just who framed Sam for murder, and set up three other people for their own deadly falls!
