Expanded by 30% with practical new content!

Early childhood professionals—learn the nuts and bolts of **activity-based intervention (ABI)**, the trusted, child-directed approach for young children **birth to 5**. With the fourth edition of this classic textbook and professional guide, you'll discover how to **embed learning opportunities in everyday activities** to help children **acquire and generalize functional skills and reach their developmental goals**.

You'll get a comprehensive introduction to the benefits, challenges, and foundations of ABI, and you'll find in-depth guidance on how to apply this popular approach with children in center- and home-based programs. Case stories, examples, and sample forms throughout clarify important points and procedures. **Updated with practical new information on ABI training, implementation, and more**, this book is a keystone of professional preparation for early interventionists and special educators.

THE TEXT THAT HELPS YOU:

- Implement ABI in multiple settings with diverse groups of young children, including kids with disabilities and those at risk
- Create multiple and varied learning opportunities within young children's natural routines and interactions
- Seamlessly link screening, assessment, goal development, intervention, and evaluation
- Develop individualized IFSP and IEP goals
- Observe children before and after intervention to determine next steps
- Understand and address the challenges of establishing evidence-based practices
- Work as a team with other professionals and families
