Aquinas's Disputed Questions on Evil: A Critical Guide (Cambridge Critical Guides)

Aquinas's Disputed Questions on Evil: A Critical Guide (Cambridge Critical Guides)

Thomas Aquinas's *Disputed Questions on Evil* is a careful and detailed analysis of the general topic of evil, including discussions on evil as privation, human free choice, the cause of moral evil, moral failure, and the so-called seven deadly sins. This collection of ten, specially commissioned new essays, the first book-length English-language study of *Disputed Questions on Evil*, examines the most interesting and philosophically relevant aspects of Aquinas's work, highlighting what is distinctive about it and situating it in relation not only to Aquinas's other works but also to contemporary philosophical debates in metaphysics, ethics, and philosophy of action. The essays also explore the history of the work's interpretation. The volume will be of interest to researchers in a broad range of philosophical disciplines including medieval philosophy and history of philosophy, as well as to theologians.
