Over a period of centuries the Ancient Ones of the American Southwest constructed a pattern of sandstone villages that precisely matches key constellations in the sky. This book plunges you into the mysteries of these unified star correlations. Other fascinating topics include: Orion's global stargate shrines, Arizona earth chakras, crypto-creatures and star ancestors. Encounter a pre-Columbian counterculture in New Mexico, a prehistoric Mexican city obsessed with macaws, and the lost empire of Aztlán. Read compelling evidence of transoceanic migrations to the Southwest in early epochs. Find out why an extensive road system was built by a people who did not use the wheel. Learn the purpose of massive pyramids and canals made by those who once lived on the site of modern-day Phoenix. Then return to explore the subterranean origin of the Anasazi, the cave conundrum of Grand Canyon, the Hopi Mystery Egg and prophecies of the Fifth World. Richly illustrated with satellite maps, star charts, historic photos, and diagrams, this guidebook to native cultures of the celestial desert elegantly elucidates the motto "As above, so below."
