Total Archery: Inside the Archer KiSik Lee, Tyler Benner

KiSik Lee has again revolutionized the archery world with his second installment of the Total Archery series. *Inside the Archer* provides a unique perspective into the highly detailed world of Olympic archery through 28 carefully written chapters. Each chapter focuses on a new technique element, beautifully laid out with large, full-color photos and diagrams that supplement the words of the text in graphical form.

Inside the Archer is written as a collaboration between the teacher, Lee, and the student, Benner. The co-authorship creates an intriguing blend of impacting lessons from Lee and curious inquisitiveness from Benner. Never before has archery taken on such a lively form as Lee and Benner speak about archery with such passion and enthusiasm it pours out of the pages.

Inside the Archer speaks with a warmth that will remind any archer, past or present, why he loves this age old sport.

Never before has there been such a comprehensively detailed guide to shooting your best. And as the archer begins to read and absorb some of the ideas, the idea of the shot cycle comes together in a surprisingly simple, graceful way."

~ Lindsey Carmichael *2008 Paralympic Bronze Medalist*

"Inside the Archer has a better layout and description of the shot cycle than any archery book I have ever seen."
