Right to Hunt, The James B. Whisker

The classic defence of hunting, brought up to date by its author, the acknowledged dean of hunting philosophy, Jame B Whisker. " You'll never find a better guide to the philosophy behind hunting. This unique book is not the ordinary hunting guide telling you where to find the game animals, it's guide to the ideas, the history and the politics of hunting that shape today's debate. This is genuine, useful intellectual ammunition for hunting activists everywhere." Alan Gottlieb
