Long ago, when Sun and Moon still lived on earth, they invited their new friend Ocean to visit their home. After many protests (after all, there was a *lot* of her), Ocean finally agreed to come. Sun and Moon worked and prepared for many days, but when Ocean finally arrived, they discovered that nothing could have prepared them for *this* visit!

Internationally acclaimed storyteller Diane Wolkstein and the celebrated illustrators of Dr. Seuss's *My Many Colored Days* spin a magical creation myth that is filled with surprises.
