Behind The Diplomatic Curtain (International, Political, & Economic History)

John Knapp

Behind The Diplomatic Curtain (International, Political, & Economic History) John Knapp

Relying largely on a massive deposit of private papers which have never been open to researchers, Behind the Diplomatic Curtain forces a reexamination of some of the most popularly held views on the history of France and European diplomacy between the Congress of Vienna and the Unification of Italy.

Based on the intimate letters to and from Adolphe de Bourqueney, considered by many historians to be one of France's ablest diplomats, it is on one level a Pepys-like recording of the glamour and peccadilloes of the first half of the nineteenth century.

Behind the Diplomatic Curtain has been praised as "an intriguing story based on a great collection of documents," "most unusual . . . and most charming," and "a major contribution to broad understanding of a complex era so significant to the history of Europe."
