Dmitri Shostakovich (1906-1975) is recognized as one of the greatest composers of the twentieth century yet few people know that he was also an outstanding concert pianist who maintained a hectic performing schedule. In *Dmitri Shostakovich, Pianist* Sofia Moshevich offers a detailed examination of Shostakovich the pianist within the context of his life and work as a composer. through his correspondence with family and friends and his own and his contemporaries' memoirs, using material never before available in English. This biographical narrative is interwoven with analyses of Shostakovich's piano and chamber works, demonstrating how he interpreted his own music. For the first time, Shostakovich's own recordings are used as primary sources to discover what made his playing unique and to dispel commonly held myths about his style of interpretation. His recorded performances are analysed in detail, specifically his tempos, phrasing, dynamics, pedal, and tonal production. Some unpublished variants of musical texts are included and examples of his interpretations are provided and compared to various editions of his published scores.
