Tomb of Julius II and Other Works in Rome (Michelangelo: Selected Scholarship in English)

William E. Wallace

Tomb of Julius II and Other Works in Rome (Michelangelo: Selected Scholarship in English) William E. Wallace

Accessible to readers-useful to specialists Much as been written on Michelangelo. By 1970, the number of scholarly books and articles exceeded 4,000, approximately a tenth in English. In the past 25 years, the literature has grown exponentially, with a notable increase in English-language publications. The five-volume series reproduces some 100 articles in English, selected from a broad range of books and journals. The collection is both accessible to the general reader and useful to the specialist, offering a representative sample of old and new commentary on the artist and his work. The career of a geniusArticles are arranged chronologically with separate volumes covering the artist's early life and works, the Sistine Chapel ceiling, commission associated with San Lorenzo, the tomb of Julius II and other Roman projects, and a final volume devoted to drawings, poetry, and miscellaneous studies. Spanning his entire 89-year life, the articles explore Michelangelo's prodigious creativity as an artist, thinker, and poet. The sheer quantity of what has been written on Michelangelo can be intimidating; most student have little sense of how to approach or effectively utilize the vast literature. By presenting a varied introduction to a great artist, this collection is a handy reference tool for a wide array of topics, problems, and literature. Michelangelo's Roman career lasted from 1534 to his death in 1564. The principal works of these years include the realization of the great tomb of Julius II, the "Last Judgment," the "Pauline Chapel," and several works of sculpture including the "Bust of Brutus" and two late sculptures of the "Piet." These years also saw Michelangelo's maturation as an architect. A selection of articles explores Michelangelo's theory of architecture, as well as studies of his projects for the Capitoline Hill in Rome, the Porta Pia, and new St. Peter's.
