William Eggleston: At Zenith

In April 1979, a book of 15 color photographs by William Eggleston was published in a limited edition of twenty. The photographs were taken from the second chapter of an unpublished larger work entitled *Wedgewood Blue*. Alongside his publications *Chromes* (2011), *Los Alamos Revisited* (2012) and the forthcoming *Democratic Forest* (2014) and *Election Eve* (2016), all documenting Eggleston's life work, *At Zenith* constitutes a calm and experimental intermezzo from Eggleston's familiar loudness and intensity of colors. The photographer pointed his camera at the sky to focus on the clouds rolling by.
