This delightful book presents a selection of D. W. Winnicott's best writing about children. The remarkable, enduring essays from *Babies and Their Mothers* and *Talking to Parents* are here combined with several hard-to-find gems of insight into the world of the child. Each piece was written for a wide audience of parents, childcare professionals, and teachers. In his empathic and witty way, Winnicott ranges over such timeless topics as the mother/infant relationship, trust, instilling a sense of security, negativism, jealousy and moral development. Now, in one volume, anyone who cares about children can enjoy the wisdom of a man many consider to be the most important psychoanalyst since Freud. A Merloyd Lawrence Book
