The Power & The Law of Faith

The Power & The Law of Faith

Your Faith is Your Fortune - Neville Goddard

"Faith has a vibration that is endowed with a peculiar power of attraction. It has a drawing power that is not possessed by any other vibration. That is why faith is necessary to attract to mankind the things which he wants. Even a man who has no understanding of the Law can attract things to himself if he is a type that believes in his own ability. His vibrations are of a degree that approach faith vibrations. He is convinced of his power to such an extent that his vibrations are sufficiently powerful to overcome doubt. "

Fear has a vibration that interferes with other vibrations. It is very powerful, for it causes a confusion in the conscious mind that is reflected into the Subjective mind -- and the Subjective mind becomes confused in turn, and its vibrations waver. The vibrations of the Sub-conscious lose contact with the vibrations in the Universal reservoir. The power of attraction is destroyed. The things that may have been started, or directed, in the reservoir toward the individual are discontinued. They may retain a certain energy or cohesion for a while, but, if the fear vibrations continue in the person, the elements that are being drawn together in the abstract are eventually dissolved into their original condition.

That is why fear is destructive.
