Wondering About: Curiosity, Imagination, and Science: A Personal Journey

David Strumfels

Wondering About: Curiosity, Imagination, and Science: A Personal Journey David Strumfels

Wondering About is a comprehensive guide that discusses the natural sciences and man's everlasting struggle to learn what his place in the universe is, where he fits in, and what the true purpose of his existence is all about. By dealing with the many forms of science and philosophy, this release also serves as an intellectual autobiography - an expedition through Strumfels' mind and his life as a human being. Through the author's views and life experience as an individual who has spent his life struggling with Asperger's Syndrome and how, despite these struggles, how it has also helped him retain his childlike curiosity, sense of wonder, and imagination; characteristics he hopes to inspire in others, and which never should be satisfied, and much more.

With its detailed narrative and numerous references, Wondering About: Curiosity, Imagination, and Science: A Personal Journey is specially written for the pleasure of gratifying curiosity and wonder.
