After stopping an interplanetary war by defeating the Breeche in Sophie No Pants and exiling the illusive Cameron Porter to the Par Kallish virtual world in Captain Sophie Schultz comes author R.P. Torkington's most explosive sci-fi tale yet... Captain Sophie Schultz: Return to the Elementum! Discovering that her daughter Emma holds a secret within her consciousness that yields great destructive power for anyone who possesses it, war veteran Captain Sophie Schultz finds herself dealing with a threat much closer to home than ever before. With her daughter's life on the line and the possibility that the person she loves the most could lead to the destruction of everything she holds dear, Sophie resorts to desperate measures in order to stop her entire life from crumbling before her very eyes. Help is out there if Sophie can find it, but seeking out this assistance will send her and her crew further back in time and space than anyone could dare to imagine. Putting her trust once again in her loyal but undisciplined squad to save Emma from the dark forces that want to manipulate her power, the crew must fight tooth and nail for every lightyear that gets them closer to the answers they so desperately need. Aided as ever by her faithful First Officer, the team leaves the starlit galaxy they know as home behind as they venture into medieval England to right a terrible wrong. Time travelling to the end of the universe, the stunning third chapter in the Sophie Schultz saga promises to be the most personal instalment of R. P. Torkington's epic space opera yet.
