How do they do it? How do Gilbert and Jaime Hernandez keep topping themselves issue after issue, year after year in their award-winning comic Love and Rockets? Answer: Through hard work, constant experimentation, and page after page of diligent sketching. The second volume in the Love and Rockets Sketchbook series is a fascinating look into the work processes of two of comics' most talented artists, allowing readers to witness the creative process, from the earliest ideas through roughed-out pages all the way to finished artwork (including several completed sequences that were edited out of continuity, seen here for the first time!) - plus dozens of pages of beautiful character sketches, as well as the requisite sketchbook section of just goofing around, all annotated by Los Bros. A wonderful gift idea for Love and Rockets fans.
