Standard Estimating Practice

American Society of Professional Estimat

Standard Estimating Practice American Society of Professional Estimat

The American Society of Professional Estimators' new 8th Edition of Standard Estimating Practice includes both basic and specific procedures on constructing construction estimates that are standardized, accurate, and conform with industry norms. Here you'll find proven standards and practices for producing consistent estimates. From the order of magnitude, to conceptual design, design development, construction documents to the bid and the various types of contracts you'll run up against. Every step is covered in detail -- from specs and plan review to what to expect on bidding day. Use this book as a reference and see your estimates become more accurate and consistent. Includes practical checklists to make sure everything is included in your bids -- insurance, outside services, taxes, equipment rental and much more. You'll find exactly what estimators should always look for in the plans, the 7 most important facts that should appear on the cover of every estimate, the 10 most important components needed in every cost estimate so it can be understood throughout the trades.

From reader reviews:

Jessica Nakagawa:

Nowadays reading books be a little more than want or need but also get a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book which improve your knowledge and information. The information you get based on what kind of e-book you read, if you want drive more knowledge just go with knowledge books but if you want feel happy read one together with theme for entertaining like comic or novel. The Standard Estimating Practice is kind of publication which is giving the reader erratic experience.

Richard Capps:

This Standard Estimating Practice is fresh way for you who has attention to look for some information given it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or else you who still having little digest in reading this Standard Estimating Practice can be the light food for you because the information inside that book is easy to get by simply anyone. These books build itself in the form that is certainly reachable by anyone, that's why I mean in the e-book web form. People who think that in e-book form make them feel tired even dizzy this guide is the answer. So there is no in reading a reserve especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss this! Just read this e-book kind for your better life and knowledge.

Harold Baughman:

On this era which is the greater man or woman or who has ability in doing something more are more important than other. Do you want to become among it? It is just simple to have that. What you must do is just spending your time not very much but quite enough to have a look at some books. Among the books in the top checklist in your reading list is definitely Standard Estimating Practice. This book which is qualified as The Hungry Inclines can get you closer in getting precious person. By looking up and review this e-book you can get many advantages.

Ruth Paiz:

Reading a e-book make you to get more knowledge from that. You can take knowledge and information coming from a book. Book is composed or printed or descriptive from each source in which filled update of news. In this particular modern era like at this point, many ways to get information are available for a person. From media social like newspaper, magazines, science book, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just in search of the Standard Estimating Practice when you needed it?
