Herbs That Cure - Bronchitis Prayank

Bronchitis is inflammation of the airways that allow airflow into the lungs. It is characterized by the development of a cough, with or without the production of sputum. It often occurs during the course of an acute viral illness such as the common cold or influenza. Recurrent injury to the airways caused by inhaled irritants such as cigarette smoking, air pollution and occupational exposure to irritants may aggravate the cough in a person. In this book, you will find brief details of herbs and some common food items that can be used to cure bronchitis. It also gives you an option to choose the herb that is easily available in your locality. These herbal remedies are designed for optimum beneficial use and tested innumerable times in actual practice.
