Adobe Flash Exposed - Mastering Flash for Non-Programmers Learn how to create everything from dynamic websites, video games, music players and quizzes without writing one line of code. That's right, without writing one line of code! This is by far the fastest and easiest way to learn the Adobe Flash program. Written by a non-programmer for non-programmers, this book is jam-packed with shortcuts, tricks and tips that will get you up and running within minutes. As you progress you'll learn how to create sophisticated projects like a casino game that keeps track of your winnings, interactive quizzes, and a fully functional video game. The author has been using his methods for years creating websites for movie studios, reality show stars, actors, etc.. He is now revealing for the first time his unique method of unlocking the power of Flash without writing one line of ActionScript. With the latest versions of Flash, creating even a simple button is a chore. The Flash program is now created specifically for the Flash programmer. That's not necessarily a bad thing, but not everyone out there has the time or money to spend learning ActionScript. Some of us just want to open up the Flash program and start creating! Move things around, make things animate, create buttons that control animations, create games and other interactive projects. Well, now you can. "Adobe Flash Exposed" teaches everyone how to unlock the power of Flash. Thousands of illustrations make the learning process a breeze. All files can be easily downloaded for every chapter. This method works in all versions of Flash, from Flash 4 to Flash CS5.
