Packed with information, authoritative, up to date, covering all major topics - and written in plain English - Telecom 101 is an invaluable textbook and day-to-day reference on telecommunications. Telecom 101 covers the core knowledge set required in the telecom business today: the technologies, the players, the products and services, jargon and buzzwords, and most importantly, the underlying ideas... and how it all fits together. The course materials for Teracom's famous Course 101 Telecom, Datacom and Networking for Non-Engineers, augmented with additional topics and bound in this one volume bring you consistency, completeness and unbeatable value. Our approach can be summed up with a simple philosophy: Start at the beginning. Progress in a logical order. Build one concept on top of another. Finish at the end. Avoid jargon. Speak in plain English. Bust the buzzwords, demystify jargon, and cut through doubletalk. Fill in the gaps, build a solid base of knowledge, put a structure in place and show how everything fits together... knowledge and understanding that lasts a lifetime. Ideal for anyone needing a book covering all major topics in telecom, data communications, IP and networking... in plain English. A wealth of clear, concise, organized knowledge, impossible to find in one place anywhere else! Join thousands of satisfied customers. Get your copy today! Your Go-To Telecom Resource Covering All Major Topics • An invaluable day-to-day reference handbook • Learn and retain more reading a hard copy, professionally printed and bound • Up-to-date: published 2016 • Allows you to study and review topics before attending a course • An economical and convenient way to self-study ... these are the materials to an instructor-led course that costs \$1395 to attend. • The Certification Study Guide for the prestigious TCO Certified Telecommunications Analyst (CTA) telecommunications certification.
