Do you have questions but are tired of the same pat answers? Is 'just believe' not good enough? This is not a fault or a matter of lack of faith. It is the product of today's learning environment. This generation is more educated than at any time in history. People are taught to question everything. However, when they turn their analysis on religion, their faith tends to decline. "Complex Christianity" addresses this concern. It answers some of the most difficult questions in the analytical manner people want. Questions regarding the reality of the soul and salvation require scientific analysis involving energy. Other questions require blunt-honest re-evaluation of scripture to bring their true meaning into context. Whatever you are looking for, the answers you seek are here.
