Multitude, Solitude: The Photographs of Dave Heath

Keith F. Davis

Multitude, Solitude: The Photographs of Dave Heath Keith F. Davis

The work of American photographer Dave Heath (b. 1931) stuns with its emotional potency. Exploring themes of loneliness and alienation in modern society, Heath's photographs depict strangers riding the train, watching a Thanksgiving parade, staring pensively at their dining room table, or kissing on the side of a street. Entirely self-taught, Heath stretches the boundaries of the medium and explores the potential of the photo-narrative—through handmade book maquettes, innovative multimedia slide presentations, and other photographic experimentations.

This is the first comprehensive survey of Heath's deeply personal work, focusing on his astounding contributions to black-and-white photography. These images span the first 20 years of his career, 1949 to 1969, and many of them are previously unpublished. Filling a major gap in scholarship, the catalogue surveys the most groundbreaking facets of Heath's creative work and highlights its historical importance. Heath's art is ripe for rediscovery, and this book reaffirms his status as a key figure in 20th-century American photography.
