Living with Mom and Living with Dad Melanie Walsh

For young children who live in two homes, this bright, simple story with oversized flaps reassures young readers that there is love in each one.

Her parents don't live together anymore, so sometimes the child in this book lives with her mom and cat, and sometimes with Dad. Her bedroom looks a little different in each house, and she keeps some toys in one place and some in another. But her favorite toys she takes with her wherever she goes. In an inviting lift-the-flap format saturated with colorful illustrations, Melanie Walsh visits the changes in routine that are familiar to many children whose parents live apart, but whose love and involvement remain as constant as ever.
