Without sound philosophy to set the limits of scientific inquiry and regulate its modern tendency for cosmological usurpation, science degenerates into scientism. God is the Creator of the universe. All things are ordered to His ends. All matter is at the ultimate service of man's supernatural vocation. This course was given in the spirit of St. Thomas Aquinas, the *Doctor of Creation*. Nature and the fidelity thereof, matter, space and time, substance and accidents, wisdom and the laws of nature, unicity and the four causes, and finally, the culminating chapter on the final cause, or teleology (purpose) of things, make a captivating study for every man and woman who wishes to be childlike and repose in the contemplative embrace of wonder.
