Greg Rigby

The Jesus Phenomenon: How did it originate? What is the hidden secret? Greg Rigby

The Jesus Phenomenon examines the likely possibilities for the existence of the person who became known as Jesus Christ. The book looks at his most likely ancestry, the link with David and why that might have been important, the bloodline that led to his conception, the implications after his death, and the possibility that there are direct descendants. The author examines the evidence and investigates the various possibilities for a credible and realistic basis of the Jesus Christ story and the claim that Jesus was the "Son of God." This insightful book proposes a radical new hypothesis that fits all the facts as we know them and eliminates many of the conventions at the heart of Christian teaching.
