Sketching Interiors at the Speed of Thought Jill Pable

This CD-ROM and workbook package helps students and professionals pursuing a career in Interior Design improve their impromptu sketching skills when working face-to-face with clients. The CD-ROM contains timed exercises that increase in difficulty as the student progresses through the course. Students must complete and reflect on how they might improve each of their sketches and sketching times in order to move on to the next exercise. Exercises may be repeated as many times as needed until students feel comfortable with the sketches they have produced and the time taken to complete them. This spiral-bound workbook containing special paper serves as the students' sketchbook.
