Mouth Hygiene: A Text-Book for Dental Hygienists (Classic Reprint) Alfred C Fones

Excerpt from Mouth Hygiene: A Text-Book for Dental Hygienists

Five years have passed since the publication of the first edition of Mouth Hygiene, and during that period a number of schools have been organized for the education and training of the dental hygienist. The experience of these schools has shown that several of the fundamental subjects, such as anatomy, physiology, bacteriology, hygiene etc., require more extensive text than could be adequately covered in any one book. It is, therefore, recommended that standard text-books be utilized for such subjects.

The second edition of Mouth Hygiene endeavors to meet the need of the dental hygienist for those subjects which pertain directly to dentistry and which are essential to her education.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
