Jewish Literary Cultures: Volume 1, The Ancient Period David Stern

This first installment in the three-volume *Jewish Literary Cultures* is a collection of essays and studies of diverse texts and topics in ancient Jewish literature, ranging from fables in the Bible and ancient Jewish interpretations of the Song of Songs to the use of erotic narrative in rabbinic literature, the canonization of classical Jewish literature, comparative exegesis, and the early history of Jewish reading practices. David Stern uses contemporary critical approaches and textual analysis to explore larger ideas and themes in rabbinic Judaism—and opens new windows onto questions of cultural exchange and influence, the relationship of textuality and materiality, the history of Jewish literature, and the nature of Jewish literary creativity. The essays, written with literary flair, are intended to be accessible to informed lay readers as well as scholars and specialists in ancient Judaism.
