Sailing to the Reefs Bernard Moitessier

Perhaps the title of this book, Bernard Moitessier's first, should have been "Sailing on the Reefs"--for that is exactly what he did, almost unbelievably, twice. After finding his beloved *Marie-Thérèse*, a beautiful junk in the Gulf of Siam, he set off across the Indian Ocean for Africa and eventually the Caribbean. Eighty days or so into the trip, Moitessier and *Marie-Thérèse* found themselves on the reef at Diego Garcia.

It took Moitessier just nine months to build *Marie-Thérèse II* from scratch in Mauritius with no boat plans or power tools. From her launch he sailed her down to South Africa. His observations during a stay of almost two years are as interesting as the people he met and the innovative boat improvements he came up with. Unfortunately, he and *Marie-Thérèse II* managed to end up on the rocks near St. Vincent in the Caribbean.

In between these two heartbreaking disasters is a tale of courage, resourcefulness, and creativity. It is told with refreshing honesty, in which Moitessier, still really an apprentice sailor, admits his blunders. And it is told with marvelous humor.

From reader reviews:

Kelly Cohn:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each publication has different aim as well as goal; it means that e-book has different type. Some people sense enjoy to spend their time and energy to read a book. They are reading whatever they have because their hobby is definitely reading a book. Think about the person who don't like studying a book? Sometime, man or woman feel need book if they found difficult problem or perhaps exercise. Well, probably you'll have this Sailing to the Reefs.

Fanny Rutledge:

Do you have something that you want such as book? The publication lovers usually prefer to pick book like comic, limited story and the biggest you are novel. Now, why not striving Sailing to the Reefs that give your enjoyment preference will be satisfied through reading this book. Reading practice all over the world can be said as the opportunity for people to know world a great deal better then how they react toward the world. It can't be said constantly that reading routine only for the geeky person but for all of you who wants to always be success person. So , for all of you who want to start looking at as your good habit, you could pick Sailing to the Reefs become your own starter.

Rachel Daniels:

Your reading sixth sense will not betray a person, why because this Sailing to the Reefs reserve written by well-known writer who really knows well how to make book which might be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and writing skill only for eliminate your hunger then you still uncertainty Sailing to the Reefs as good book not only by the cover but also by content. This is one reserve that can break don't judge book by its include, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your reading sixth sense already alerted you so why you have to listening to an additional sixth sense.

June Slater:

As a scholar exactly feel bored for you to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's internal or real their interest. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Sailing to the Reefs can make you experience more interested to read.
