Mildred L Patten

Understanding Research Methods: An Overview of the Essentials Mildred L Patten

- Designed for students who are getting lost in the details of research methods and not getting the big picture, this short book provides an overview of the essential concepts traditionally covered in a research methods class.
- Lively examples on contemporary topics stimulate students' interest and show the relevance of research methods to their everyday lives.
- Divided into short sections, this book makes it easy for you to give customized assignments. Assign only the sections your students need.
- Shows students how to interpret statistics without computations.
- Factual Questions at the end of each section allow students to check their comprehension.
- Questions for Discussion stimulate classroom dialogue.
- New to this edition: Five new sections on in-text citations and reference lists have been added. Numerous changes have also been made for consistency with the latest editions of the APA and ASA Style manuals, and new examples have been added.
