## **Being Transgender: What You Should Know** Thomas E. Bevan Ph.D.

Written for general audiences, this unprecedented book comprehensively answers many questions about being transgender with current experiential and scientific information, including the evidence for a biological transgender predisposition.

- Offers information derived from the author's review of more than 3,000 source articles and books across 22 scientific disciplines across more than 11 years? a repository of information that is likely the most comprehensive on transgender science
- Represents the first book written for general audiences from the perspective of a scientist, not a clinician or advocate
- Identifies the forms of rejection of transgender people sanctioned by culture and provides suggestions for dealing with them
- Discusses the future of transgender people as well as that of the binary gender system in Western culture
