Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) Jean-Luc Brylinski

This book examines the differential geometry of manifolds, loop spaces, line bundles and groupoids, and the relations of this geometry to mathematical physics. Applications presented in the book involve anomaly line bundles on loop spaces and anomaly functionals, central extensions of loop groups, Kähler geometry of the space of knots, and Cheeger--Chern--Simons secondary characteristics classes. It also covers the Dirac monopole and Dirac's quantization of the electrical charge.

From reader reviews:

Tracey Egan:

Now a day those who Living in the era where everything reachable by talk with the internet and the resources in it can be true or not involve people to be aware of each data they get. How many people to be smart in obtaining any information nowadays? Of course the answer is reading a book. Reading through a book can help people out of this uncertainty Information specially this Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) book since this book offers you rich details and knowledge. Of course the knowledge in this book hundred per-cent guarantees there is no doubt in it everbody knows.

Carroll Boggess:

The book untitled Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) is the publication that recommended to you to study. You can see the quality of the reserve content that will be shown to an individual. The language that publisher use to explained their way of doing something is easily to understand. The copy writer was did a lot of exploration when write the book, hence the information that they share to you personally is absolutely accurate. You also could get the e-book of Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) from the publisher to make you considerably more enjoy free time.

Molly Maldonado:

Your reading 6th sense will not betray you, why because this Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) publication written by well-known writer who really knows well how to make book which might be understand by anyone who else read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your own hunger then you still skepticism Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) as good book not simply by the cover but also from the content. This is one reserve that can break don't evaluate book by its include, so do you still needing a different sixth sense to pick this!? Oh come on your examining sixth sense already alerted you so why you have to listening to one more sixth sense.

Helen Hanson:

Many people spending their time by playing outside having friends, fun activity using family or just watching TV the whole day. You can have new activity to spend your whole day by reading a book. Ugh, do you think reading a book can really hard because you have to take the book everywhere? It alright you can have the e-book, getting everywhere you want in your Smartphone. Like Loop Spaces, Characteristic Classes and Geometric Quantization (Modern Birkhäuser Classics) which is keeping the e-book version. So , why not try out this book? Let's see.
