## **Modern Metalworking** John R Walker

Modern Metalworking is a comprehensive text that introduces students to metalworking technology. It provides basic information about tools, materials, and procedures used in metalworking. It covers both hand and machine-tool operations, and supplies background knowledge on industrial equipment and processes. Text format uses a straightforward approach in short, yet complete units. Over 1500 illustrations consisting of photographs and drawings highlight important concepts and procedures. Authoritative content is clear and easy-to understand.
