Thank you for checking out this book by Theophania Publishing. We appreciate your business and look forward to serving you soon. We have thousands of titles available, and we invite you to search for us by name, contact us via our website, or download our most recent catalogues. It is the writer's firm conviction, in these days when the most enthusiastic "bookworm" cannot even keep up with the titles of the book output, that an earnest, sensible reason should be given for adding another to the already endless list of books. We have enough books to-day, "good, bad, indifferent," with which, if they were collected, to build another Cyclops pyramid. The sage of the Old Testament declared in his day, concerning the endless making of books; such a statement, compared with modern writing and publishing of books, sounds amusing. Every possible subject, vagary, or ism, for which a book could be written, is overworked. Bible themes of all grades, from orthodoxy to ultra higher criticism, have flooded the land. Especially is the iconoclast in much evidence; he is free lance, and shows no quarters. Cardinal tenets of Bible faith, so long unquestioned, are being smitten with a merciless hand. Disintegration is the most obvious fact among us; nothing is too sacred for the crucible of what is termed "scholarship."
